Subject: VGS Addison pipeline

To the Public Utilities Commission:

I request that no further action be taken on cases involving the Vermont Gas pipeline, including the Notice of Probable Violation (18-0395-PET) and the CPG for the proposed Monkton gate station(17-4909-PET), until a broad scope investigation of safety and construction violations has been completed, as requested by intervenors on March 1 filing to case (17-3550 INV). I hope the Commission will proceed with that investigation in a timely fashion.
