**Subject:** VGS Public Safety Violations

I am very concerned about the serious public safety violations in the construction of the VGS pipeline.

I request that the PUC take no further action on the Notice of Probable Violation case (18-0395-PET) and the Monkton gate station CPG case (17-4909-PET) until a pipe-wide investigation of safety and construction violations has been completed as requested on March 1st by the intervenors in case (17-3550-INV).

Please use your office to act on behalf of the health and safety of the people and the state of Vermont.

Sincerely,  
Jacqueline Springwater, concerned citizen
