I am writing to request the PUC take no further action on the Notice of Probable Violation case (18-0395-PET) and the Monkton gate station CPG case (17-4909-PET) until a pipe-wide investigation of safety and construction violations has been completed as requested on March 1st by the intervenors in case (17-3550-INV).

As a representative of the state, you are supposed to be more concerned about public safety than the profit margin of the fossil fuel industry. Do your job.
