Subject: No Further Action - Vermont Gas Systems Pipeline

To the PUC;

There are many serious public safety violations in construction of the VGS pipeline.

The PUC should take no further action on the Notice of Probable Violation case (18-0395-PET) and the Monkton gate station CPG case (17-4909-PET) until a pipe-wide investigation of safety and construction violations has been completed as requested on March 1st by the intervenors in case (17-3550-INV).

Thank you,
