**Subject:** VGS pipeline

I,m writing to express MAJOR concern about the many safety violations that have taken place in the construction of the VGS pipeline. It's absolutely appalling and reckless abuse of public and environmental safety. I,m urgently requesting that PUC take no further action on the Notice of Probable Violation case(18-0395 PET)and the Monkton gate stationCPGcase(17-4909PET)until a pipe-wide investigation of safety and construction violations has been completed as requested on March 1st by intervenors (case17-3550-INV). This is a very serious matter that calls for courage and integrity - please step up.... Most sincerely, Callie Willis
