Dear Ms. Whitney,

I request that this email be filed as a public comment in case number 18-0395-PET (Vermont Gas Systems Notice of Probable Violation). I also request that this case be consolidated with case #17-3550-INV (Vermont Gas Systems Notice of Probable Violation). No further action should be taken until a broad scope investigation of safety and construction violations has been completed, as requested by intervenors in their March 1 filing in case #17-3550 INV.

The alleged violations are so serious that they must be investigated and resolved before any further actions are taken.

Thank you for your consideration.

very truly yours,  
Stuart Blood
