Subject: Addison Cty. Vermont Gas gas pipe line

Dear Public Utility Commission,

I have been aware for some time now that there a number of safety issues with regard to the installation of this pipeline and that research has uncovered even more problems. I sincerely believe the time has come for a complete and thorough investigation into just what occurred or didn't occur that should have during the installation of this pipeline. I would strongly urge you to get to the bottom of this.

Thank you, Rick Barstow
