

**STATE OF VERMONT
PUBLIC SERVICE BOARD**

Docket No. 8816

Petition of Swanton Wind LLC for a certificate of public)
good, pursuant to 30 V.S.A. § 248, for the construction)
of an up to 20 MW wind-powered electric generation)
plant powered by up to 7 wind turbines located along)
Rocky Ridge in Swanton, Vermont)

AFFIDAVIT OF LYNN F. MCCLINTOCK

NOW COMES Lynn F. McClintock, and on oath does depose and swear as follows:

1. My name is Lynn F. McClintock. I am 59 years old.
2. I live at 309 Lyman Drive Williston, Vermont.
3. I am a member of Vermonters for a Clean Environment and support VCE's mission.
4. I rely on VCE for information regarding development projects that may have an adverse effect on the environment and economy of Vermont.
5. I am aware that Swanton Wind has applied to the Vermont Public Service Board for a Certificate of Public Good to build seven industrial wind turbines on Rocky Ridge in Swanton.
6. I believe that Swanton Wind's activities will damage Vermont's environment and economy. Swanton Wind's stormwater discharges have the potential to damage Lake Champlain. I believe that Swanton Wind's activities will damage Vermont's natural beauty and, as a result, its economy.
7. I rely on a healthy Vermont economy to earn my livelihood as a Physical Educator at Williston Central School educating 3rd through 8th graders. A big part of our educational program is outside respecting and developing a responsibility for taking care of our environment.
8. I fish, swim, bird watch on Lake Champlain, Fairfield Pond, and Dubie Family Maple Sugar woods on the east side of Rocky Ridge. All of my life I have had the great privilege of being on Lake Champlain and Fairfield pond. I not only enjoy summers on the pond and lake and its various activities but the winter brings additional opportunities. I love to be able to skate, snowshoe and sugar with my cousin on Fairfield Pond.

9. I am quite concerned about the changes to life on the pond with the construction of the wind turbines, personal safety in the winter with the ice coming off the blades. I am also worried about what is going to happen to the health of the pond with the stormwater runoff. The implications of this are far reaching for this area with effects on the economy and environment. A few peoples gain at the expense of a whole community. The town of Swanton has spoken clearly against this project yet they are not being listened to or heard

DATED this ^{13th} ~~10th~~ day of February, 2017.

Name

Lynn F. McIntosh
